UNIT45
INTERMODAL INNOVATORS

UNIT45 concentrates on the development, construction, financing and delivery of 45ft containers. Transporting more with fewer movements, all handled with the same infrastructure as used for 40ft containers. Reduce costs and carbon footprint using 45ft containers.

UNIT45 offers a range of 45ft containers such as the standard dry unit and various types of reefers. UNIT45 also has a large rental fleet of 28,000 units for direct use.
